Emergency Aid. Test Held At Woodside Is Success

WOODSIDE—A test of local emergency aid, assisted by Redwood City Chapter, American Red Cross, was held Tuesday afternoon at Searsville Lake.

Fire Comsrs. Joseph Ernst and Fred H. Mighall of the Woodside Fire District, acting as umpires, assumed that a building near the entrance of Searsville Lake had been bombed, but not set on fire (since the co-operation at this time of the Woodside Fire Department seemed unnecessary), that persons were trapped in the collapsed building, and that communication had been interrupted at the Searsville Lake intersection.

The signal was given at 2:10 p.m. and immediately the first police car with Officer F. D. Hill reported and took charge. Assisted by Officer Edward Doran, Hill assigned posts to the five volunteer deputies, whose assistance was made possible by Sheriff James J. McGrath.

Three Red Cross ambulances and a unit of stretcher bearers took posts under command of Mrs. Z. T. Thorning. Eight units of transportation, directed by Mrs. Bernard Bernasque, and labor squads provided with tools and equipped with the necessary mechanical equipment under their chief, Ed Norris, were at the scene of the supposed disaster within three to five minutes.

Personnel responding to the call totaled 61 persons. At 2:26 p.m. Fire Chief John Volpiano, in charge of operations, terminated the trial, stating that it had proved satisfactory.

FINED ON DRIVING COUNT

SAN MATEO—Leonard Pease, 458 Third Ave., Redwood City, was fined $50 on a reckless driving charge by Municipal Judge Arthur H. Stetson of San Mateo here. Pease was arrested on Bayshore Hwy. near Peninsular Ave. in San Mateo on Dec. 7.

SANTA CLAUS CAN HELP AMERICAN DEFENSE! This poster, drawn by J. W. and W. J. Wilkinson, a father and son artist team of Baltimore, reminds Americans that they can help the Defense Program this Christmas by giving Defense Bonds and Stamps in addition to the usual present. Nation-wide distribution of this poster has been made, especially in the windows of 500,000 retail stores where Defense Stamps—for as low as 10 cents—are now on sale.

Japanese Take Lead Here, Contribute Total of $1650

Sixteen members of the Japanese Association of Redwood City have pointed the way to successful conclusion of the $10,000 American Red Cross war fund drive.

Chairman James D. Hedge of the campaign revealed that the association members, along with the California Chrysanthemum Growers Association, to which many of them belong, had contributed $1650 to the campaign.

Other contributions, including a $500 one, brought the total to date to $2265.

Hedge pointed out that because of the press of defense activities on people's time these days, it is hoped no house-to-house canvass need be undertaken. This will depend, he explained, on the voluntary response of citizens of this community to the fund appeal as carried in newspapers.

Contributions may be made in this district at any bank, newspaper office, firehouse in Redwood City or Woodside, or at Neuman Bros. store in Woodside.

Hedge said that members of the Japanese association who contributed $100 each were K. Honda, K. Okamura, I. Kitayama, T. Honda, N. Higaki, K. Inouye, T. Kashima, Tsukushi Brothers, M. Yamada, Nakana Brothers, T. Mori, T. Yamane, R. S. Yamane, A. Kitagawa, S. Tamura. A $50 contribution was given by S. Inouye.

M. P. Meeting Called To Tell Defense Plans

MENLO PARK—A public meeting for residents within the environs of the Menlo Park Fire District will be held Friday night at the Menlo Park City Hall at 7:30 under the auspices of the Southeast San Mateo County Civil Defense Council.

Purpose will be to acquaint citizens with preparations and organization plans made by the defense council and to give information on what to do in case of an emergency.

Menlo Park Mayor Joseph Day will preside. P. R. Blythe, chairman of the community council, will outline projects undertaken by the group. Other officers of the southeast section are Polk Dodson and David Ingram.

Police, Fire Volunteers Instructed

City Manager C. L. Dimmitt, surveying civilian defense efforts here, declared Monday that he believed Redwood City was well in the vanguard of Bay Region cities in organization and training.

Twenty-six air raid wardens, one in each election precinct, received instructions, insignia and their white sticks Saturday night. Their duties, according to Police Sergt. W. H. Thorpe, will be to appoint their own assistants, insure complete blackout discipline, and aid volunteer police in stopping all but emergency vehicles in blackouts.

Sixty volunteer police also received instructions Saturday night, and were provided with their equipment, a small white night stick and a white armband with the letter "P."

TO GUARD BUILDINGS

One or more has been assigned to guard each church and school in the city against vandalism in blackouts. They will also guard important intersections, stopping traffic, and in emergencies will assist air raid wardens, Thorpe said.

The city has been divided into four police districts, he explained, in each of which will be a radio patrol car with two or more members of the regular police force. Volunteers have been instructed to stay in their districts, give any assistance required to householders, pedestrians, and motorists, and call members of the regular force in cases where police authority is required.

14 FIRE DISTRICTS

Fire Chief Mark E. Ryan has divided the city into 14 fire districts. In each he plans to establish a headquarters with one volunteer in charge. The organized reserves, using the fire alarm circuits to contact the central fire station, will be available to fight fires in their own districts, or to move to other districts as emergencies may require.

Fifty Volunteer Firemen received insruetion Saturday night in elementary first aid and in fire fighting fundamentals. Forty more were given the same instruction Sunday night.

Meanwhile 500 bags of sand have been piled against the boarded-up window at the rear of the police station in the city hall. It is believed to be one of the first sand-bag barriers on the Peninsula.

Dimmitt is studying a plan to distribute dry sand to various points in the city for use by householders as a safeguard against incendiary bombs.

Al Andersen Offers Services To Enlistees

Anxious to do his part for Uncle Sam, which he served for 1½ years during the World War as a seaman, Al Andersen, well-known local athletic director and boxer, today offered to aid prospective enlistees in the armed forces to get in good physical shape.

Andersen, who has a gymnasium, explained: "Should the government medicos find you overweight or underweight, do not let that discourage you. Should it be the air corps, army, navy or marines you wish to join, you are welcome to my services, gymnasium and what assistance I can be to you. No charge will be made for these services. You are welcome to them. For further information, telephone me at Redwood 922, or call at my home at Bradford St. at Allerton."

NAMED TO WEST POINT

BURLINGAME — Robert G. Lindsay, Burlingame, son of Mr. and Mrs. Edward G. Lindsay, has received his appointment to the U. S. Military Academy at West Point and will soon begin his course of study. Lindsay is a graduate of San Mateo High School.

According to the Department of Education, 144 schools have taken part in defense training courses throughout the nation and over 125,000 students have been registered.

Samuel G. Blythe, author and journalist, was one of the first newspapermen to use a typewriter.

High School Establishes Civilian Defense Setup

Supt. A. C. Argo of Sequoia High School has announced that a complete civilian defense service has been organized by the 120 employes and 2000 students of the Redwood City high school.

Faculty members and other employes have been appointed to 15 major committees, which will outline emergency services and draw upon the student body personnel in event of any need.

Purpose of the group, Superintendent Argo explained, is not to work independently unless asked to do so, but to serve as individuals, as organized groups or as a total unit when requested.

He pointed out that the group will work under direction of the Redwood City Civilian Defense Council.

"Our plant and organization offer a means of caring for civilians in an emergency," he said. "We do not expect it to occur, but we will be ready."

Sequoia Freshmen Elect First Officers

Electing class officers for the first time in 12 years, the freshman class of Sequoia High School has selected Curtis Walker as president; Philip Chew, vice president; Barbara Cornwell, secretary, and Joyce Merman, treasurer. The four officers will serve for the remainder of the school year.

MENLO PARK NEWS

BY D. E. O'KEEFE

MENLO PARK — The rainfall to date is 4.75 inches, as against 12.02 at this time last year. The precipitation this season has been the lowest in 20 years.

★ ★ ★

Because of the war there will be no Christmas tree festivities in Menlo Park next Thursday. All the churches will have the usual Christmas services.

★ ★ ★

Several flocks of wild pigeons were seen this week on the Flood estate. All old timers considered the appearance of the birds as the harbinger of a storm. Rain would be acceptable now to permit farmers to raise bumper crops to aid our allies in defeating the enemies of liberty.

★ ★ ★

Mrs. Melvin H. Walker and her pretty daughter, Pamela, a Stanford student, have gone to Pasadena to spend the holidays.

★ ★ ★

The contract for a large store has been canceled because of the war. Work on the building may start early in the Spring.

★ ★ ★

The wedding of a prominent young couple in town that was to have taken place on the first of the year has been postponed indefinitely because of the war. The benedict-to-be has reported for service.

★ ★ ★

Several young men in town have joined the army but their names and destination can not be made known. This would be giving information to the enemy.

★ ★ ★

The city council last night adopted an ordinance regarding blackouts that will continue dring the war.

Regulations Issued Concerning Japanese

Regulations governing employment of and business dealings with Japanese nationals are now announced locally after checking with Frank Hennessey, U.S. attorney for Northern California:

Japanese employed as domestics (gardeners, service, etc.) are not to be discharged as they then become public charges.

Every Japanese family is allowed $100 a month for living and personal expenses. No Japanese alien is permitted to receive a total of more than $100 a month from his bank account and employer combined.

As long as the Japanese are not causing trouble, there is no reason to discharge them.

(The secretary of the treasury had previously announced the following: "Japanese nationals engaged in the business of producing, marketing or distributing food or agricultural products, may, with minor exceptions, engage in all transactions incident to the normal conduct of business").

SAN CARLOS YOUTH HURT

In receipt of a message from the Navy Department notifying them that their son, Robert Edling, was wounded in the Battle of Hawaii are the J. M. Edlings of 1300 Magnolia Ave., San Carlos. Young Edling, who was graduated from Sequoia High School and San Mateo Junior College, is a radio technician. A member of the naval reserve, he was called to service a year ago.

GIRL SCOUT 30TH BIRTHDAY

On next March 12, Girl Scouts will observe the 30th anniversary of the founding of their organization in this country.

No one is able to tell you what mammal, bird, fish or insect out-numbers all others in North America.

Within a little more than a year the U. S. will have the largest and most modern tank-ship fleet in the world.

With imports cut off from France and Italy, Bermuda may become the big supplier of perfume in this hemisphere.

Bing Crosby at Sequoia Theater Sunday

Bing Crosby in "Birth of the Blues," with a pretentious cast, will open on Sunday for a four-day engagement at the Fox Sequoia Theater.

Thursday Concert, Sing Delayed; Policy Explained

Until adequate precautions are taken to assure safe evacuation of crowds in event of a blackout, large public gatherings such as that which had been planned for Thursday night should not be held, the Redwood City City Council agreed Monday.

As a result, the council ordered canceled a city recreation department-sponsored band concert and community sing which had been scheduled for Thursday evening at McKinley School.

The action came after Councilman Floyd D. Granger and Police Chief C. L. Collins both stated it was their understanding that in event of an actual air raid, master power switches would be thrown to extinguish all lights in the community if any lights remained on after a blackout signal was given.

It had been reasoned earlier that if McKinley Auditorium could be blacked out so that no light would show from outside, it might be good for morale of citizens to go ahead with programs which could be continued even if a blackout were ordered.

It appeared to be the council's opinion that once enough volunteer policemen have been trained so they could be put on duty at such meetings in order to assure orderly evacuation in event all lights were shut off, it would be all right to hold such meetings. Until then, it was agreed, they should not be held.

Believing, however, that conduct of city affairs such as council, planning and port commission and other business should be continued in event of a blackout during meetings, the council ordered the chambers in the city hall prepared so lights could be left on inside during blackouts.

The action was taken at the first part of the council meeting which following a report meeting of the Redwood City Defense Council. Recreation Director Alfred Morton had asked for the council's reaction to such a program. Thirteen members of the defense council favored holding the program; seven opposed it.

Toastmasters To Aid Local Defense Effort

Striking another blow for freedom at their last 1941 meeting, Redwood City Toastmasters Club volunteered its services in civilian defense to Mayor Harold F. Anderson Monday. The club proposes to do any talking necessary to sell defense bonds, admonish and instruct public gatherings in defense matters, and give any other service requested.

Donald L. Bogie was chairman. Speakers, all of whom chose topics connected with Christmas, were Ray Winer, Kenneth C. Sanders, S. B. Saboff, John W. Brand, and Max L. Gelber.

Two Programs Set By McKinleyites

Santa Claus is coming to town! At least pupils of McKinley School are so sure of Old St. Nick's arrival on schedule next week that two special Christmas programs have been planned in his honor for today.

The two programs, one by the primary classes at 11 a.m. and the other by the eighth grade at 2 p.m., will climax the Winter term. Christmas vacation for all grammar school children will begin officially after school on Friday, and classes will not resume work until Jan. 5.

A play, "Old King Cole's Christmas," to be presented by the third grade, will highlight the Friday morning program.

Recitations and songs by first and second graders will also use the Christmas theme, as will carols by the sixth grade glee club and a poem to be recited by fifth grade girls.

The afternoon's program will be staged by the 8-a class, assisted by the McKinley Orchestra and Choir. Program is as follows:

1. Orchestra Selections: Golden Spur March, March Classique.
2. Glee Club: Marianina, Stars of the Summer Night, Gypsy Love Song (solist, Flaticia Ballam.)
3. Play: Nativity Scene.
4. Orchestra: Jingle Bells Medley.

Advertisers spent 200 million dollars for time on radio stations in this country last year.

Every Day Could Be Christmas

Here comes another Christmas—with all its fun and some foolish fuss—but with fine human fellowship and real Christian spirit.

Thank heaven Christmas goes on and on as an institution, an annual expression of our better selves . . . in spite of wars and regardless of misunderstandings among us.

Maybe this great annual habit will some day teach us the way to live the remaining 364 days of each of our years.

What a world this would be if we were able always to spend our billions on such things as happier, safer, and more productive living.

If the human race can burst forth in Christmas brotherliness once a year, it can some day sprinkle the whole calendar with that same kindness.

This is the hope of the world which is rekindled at each Christmas season. From it we gain new strength to battle the forces of evil now threatening us. Only by defending that which we have gained and by fighting for our ideals of brotherhood and freedom can we hope to move forward toward such a year 'round Christmas goal.

Then playgrounds will dot our cities

and children will laugh with good health and wholesome home life. International tourists will enjoy the new beauties of each other's countries. And everybody will work happily together on constructive helps to better living.

Our human race has untold resources, and unlimited life, liberty and pursuit of happiness at hand, once it devotes itself to spreading its Christmas spirit through all its living days.

J-M Building Asbestos Mill

Defense needs for asbestos will find an increased supply early in 1942 from a plant now being built at the Johns-Manville mine in Chrysotile, Ariz.

Scientists connected with the U. S. Government have expressed themselves as pleased with the development there in rugged Ash Creek Canyon, which is 1,200 feet deep and situated about 40 miles northeast of Globe, Ariz.

A special milling process perfected by J-M engineers has made possible the utilization of this Arizona fibre, heretofore mined as a marginal operation. Explorations and tests are being made in preparation for expanding the mine.

New construction at the mine includes an addition to the power plant that will house a large Diesel-electric unit, a small warehouse, and living quarters for more employees. Approximately 100 men will be employed in the mill and mine.

The white asbestos found at Chrysotile is low in iron content and is especially useful in the manufacture of filters, woven asbestos materials, asbestos paper, many types of asbestos-cement products, and as fillers in asphalt tile and moulding compounds.

J-M FAMILY ALBUM

THEY CALL IT THE OCTOPUS—The fantastic-looking machine shown above is a saw used at J-M's Jarratt, Va., plant to cut the exclusive "lighting joint" in J-M Insulating Board. This special joint allows hidden nailing of the board. The pipes wriggling up from the saw carry away the sawdust.

Asbestos Used By the Romans

According to Plutarch, the Greek writer, lamp wicks of asbestos were used in the temples. He called them "perpetual" because they never burned away.

J-M's asbestos products have wide uses today, but in J-M's Laboratories at Manville, N. J., scientists are constantly seeking new ways of making this "magic mineral" serve and save.

Buy Your Gifts at Wards

PAY LATER IN EASY MONTHLY INSTALLMENTS

Wards monthly payment plan will help you get all the things you want. Just pay a reasonable amount down and the balance next year.

USE YOUR CREDIT

GET THE THINGS YOU WANT *TODAY*

PAY FOR THEM WHILE YOU ENJOY THEM!

MONTGOMERY WARD

2317 Broadway Redwood City Phone 1300

Florida has 35,000,000 acres, of which 2,841,600 acres are in water.

The Hongkong Police furnish anti-piracy guards for British vessels on the China coast.

Appearances Improved

Despite the recent press of defense work, City Manager C. L. Dimmitt was able to report progress in Redwood City's Cleanup Campaign Monday to the city council.

The city manager's report included:

1. Undesirable condition of a farm yard near the recreation field is being eliminated.
2. Repainting has been completed on the central fire station tower.
3. Nothing illegal has been found in occupancy of property at Grand and Katherine Sts.
4. Owners of unsightly property on El Camino Real near Five Points will soon be notified to make improvements where possible.
5. Property on Main St. near Bradford has now been vacated. Upon motion of Councilman Floyd D. Granger, water service there was ordered discontinued by the council until the property is cleaned up.
6. Abatement proceedings ordered against property on Hilton St. have been temporarily deferred.
7. Owner of a store located at Main and Spruce Sts. was requested, upon motion of Councilman Granger, to appear before the city council at its next meeting to discuss alleged violations of health and building regulations and the possibility of repair to the building.

Action on other matters reported by the Cleanup Campaign Committee is expected to progress in the near future.

SPEEDER SENT TO JAIL

SAN MATEO — Lawrence G. Bini, 23, of Lovelock, Nev., was sentenced to five days in the county jail at Redwood City when he pleaded guilty before Justice of the Police Hugh Mullin Jr. of San Mateo on a charge of speeding at 75 miles an hour on Bayshore Hwy. Since he had been in jail since Friday evening, he was given credit for two days' time served.

George Washington was a stockholder in the historic Chesapeake and Ohio Canal.

How To Keep The Light In

By taking a few simple, precautionary measures, householders won't have to sit in the dark during a blackout.

W. A. Cyr of the Illuminating Engineers Society recommends that the kitchen, bathroom and the living room or some other room suitable for the same purpose be made light-tight.

"Inside these rooms, the light can be plentiful," he points out. "During a blackout, move into them and be cautious not to let the light leak outside either directly, or indirectly through adjoining rooms."

METHOD SUGGESTED

This is the method suggested for obtaining light-tight rooms:

Windows need a thoroughly opaque blind and a heavy curtain. The ordinary blind lets too much light through, although painting with a dark, quick drying paint fills the pores in the material and prevents the passage of light.

Blinds should be made to fit as close to the window frame as possible. Even so, light is likely to escape around the edges, so a heavy drape should be provided to cover the entire window frame.

This drape should be tacked to the top and sides of the frame.

SHOULD COVER SILL

Where heavy drapes are not practical, as in kitchen or bathroom, original curtains may be supplemented with an added set of blackout curtains affixed to the window frame itself.

These drapes should hang on wires or strong cord stretched tight on thumb tacks. The curtains should not be hung on rings, but made with a wide hem and threaded on the wire.

Sufficient material should be used to allow about two inches to rest on the sill. The curtains should be wide enough to extend beyond the glass in the frame and meet closely at the center. The wire should be supported at the center to prevent sagging.

TACKED TO FRAME

The edges of the curtain should be tacked to the frame with thumb tacks.

Dark, closely woven material is necessary as dark dye aids in reducing the light penetration.

These methods were developed in England, where continued use of ample home lighting thus permitted has been found an antidote to nerve strain and depression.

Check Passer Freed After Serving 5 Months

Mrs. Gladys Barrett, 42, arrested in San Carlos July 11 and charged with issuing fictitious checks with which she bought a house, furniture, and other items, was released from the county jail Monday after serving five of the six months' sentence imposed by Judge A. R. Cotton.

Mrs. Barrett was accused of depositing a worthless $33,000 check with a Reno bank and drawing against the account here. She will be turned over to San Francisco authorities to face similar charges there.

Spangler's Father Dies Unexpectedly

Martin L. Spangler, father of Ray Spangler, courthouse reporter for the Tribune, dropped dead at 12:40 p.m. Tuesday in South San Francisco Bank. He had been in good health. It was believed a heart attack was the cause of death.

Mr. Spangler was a master mechanic at the Edwards Wire Works in South San Francisco, where he had lived for 30 years. He resided at 210 Eucalyptus Ave., South San Francisco.

He is survived by his wife, Mrs. Myra Spangler; his son, and two daughters, Mrs. Edna Lundburg of San Francisco and Mrs. Althea Evarts of San Bruno.

Mr. Spangler had been active in Masonic organizations.

Here's What They Say They Want For Christmas--

IDEA

Soldiers State Xmas Gift Likes

FORT RILEY, Kan., Dec. 14.—(AP)—The press section conducted a poll to determine what soldiers wanted for Christmas. The root of all evil won — hands down.

The preferences, in their order:

Money, cigarets, stamps, subscriptions to hometown newspapers, cookies and candy.

If you have a shirt in mind—make it a white one, they suggested. Stripes and polka dots are against regulations with the uniform—on or off duty.

IDEA

Give a Practical, Welcome Gift to the Men in Service -- a subscription to Their Home-Town Newspaper. Just Phone 2000 and We'll Start the Paper Christmas Day.

Air Raid Practice

School Emptied in Record Time in Evacuation Test

Although muddy grounds kept children from dispersing as well as had been planned, the air raid drill held Wednesday for Redwood City grammar schools was characterized as a "success" by Supt. Andrew Spinas today.

McKinley School was emptied in 1 minute, 15 seconds, a record, Superintendent Spinas reported, while the other five schools reported similar satisfactory results. Ordinarily, with children not expecting the alarm, it takes about 1½ inmates to evacuate McKinley.

Yesterday's drill of procedure to be followed in an air raid—children within walking distance leaving for home immediately upon receipt of the yellow "alert" signal and others dispersing throughout the grounds for shelter when the actual raid alarm sounds—will be repeated at frequent intervals. Yesterday's drill was called for 2 p.m.

PHILIPPINE GIRL SCOUTS

Recent figures show that the newly-organized Girl Scout units in the Philippine Islands now include a membership of 1512 in 18 communities.

More Volunteer Firemen Get Training

Training for the third group of Redwood City volunteer firemen was held last night at 8 o'clock at the central fire station.

Volunteers have been placed in districts and will report for training at designated places, according to Fire Chief Mark E. Ryan. They have been notified what group they are in.

Training will be held tonight at 7 at the Legion Hall, Warren and Standish Sts., for group 1, and at Central School, Broadway and Middlefield Rd., for group 1A. At 8 p.m. training will be given at a warehouse at Hilton and Cassia Sts. for group 1B and a a grocery store at Clinton St. and Vera Ave. for group 3.

Saturday night training will be held at Hawes Park at 7 o'clock for group 3A and at Washington School on Woodside Rd. at the same time for group 3B. At 8 o'clock training will be given in the 1500 block on Valota Rd. for group 3C and at McKinley School, Duane St. and James Ave., for group 4.

Sunday at 10 a.m. training will be given at the Seventh Day Adventist Church on James Ave. for group 4A and at the El Centro apartment house, Whipple and Duane, for group 5. Training for group 6 will be held at Lincoln School, Whipple and Duane, at 11 a.m. and group 6A will meet in the office formerly occupied by the Walter Realty Co. on El Camino Real and Wellesley Ave.

SUSPECT IS BOOKED HERE

Joseph S. (Sandy) McGill, 40, convicted Mountain View dynamiter, was booked at the San Mateo County jail Monday on morals charges filed by a Pescadero woman. They involve a 10-year-old boy. McGill was arrested Dec. 3 by state officers as a parole violator.

Full Christmas Revue Planned for Theater

The complete Christmas revue of the Dorothy Roberts Dance School will be presented three times today and Saturday at the Redwood Theater — once at the evening performance Friday; once at a matinee Saturday, and once in the evening Saturday.

Parts of the show have been given several times recently, the most recent being at the Foresters of America Christmas party Wednesday at Foresters Hall, where Santa Claus made his appearance at the conclusion of the dance numbers and music by a part of the Native Sons Hill Billies.

Included in the dance numbers to be seen at the theater are: Swanee River group; flower toe dance, Gloria Ward; military tap, Doris Jean Stevens; Russian acrobatic, Karl and Ethel Hundchen; polka group; ballroom tap, Richard Angus and Patsy Marcus; toe tap, Gwendolyn Patrick; rhumba song and tap, Marcelline and Joan Buffa; ponies on toe and jockey, Wanda Reynolds, Gloria Ward, Patsy Marcus, Doris Jean Stevens, Diane Smithee, Claudette Smithee; soft shoe, Billie Foster, Karl Hundchen, Bud Place; tamborine tap, Marie Kinney and Jane Sevier; song and tap, Marial Rae Raaen; staircase tap, Diane and Claudette Smithee; peacock dance, Astrid Wilsrud; old fashion tap, Petra Jean, Bud and Norma Place, tumblers, June Marshall, Betty Kinney and Dorothy Gray; cane tap, Billie Foster; cane group.

Belmont School Wins High Catholic Rating

BELMONT—High educational rating has been accorded Notre Dame High School in Belmont, according to announcement recently received of its affiliation with the Catholic University of America in Washington, D.C.

The academic senate of the university approved the affiliation of Belmont's Catholic high school for girls on the basis of a report by the Rev. Dr. James Marshall Campbell Ph.D., who inspected the school several months ago. His report expressed approval of Notre Dame High School's scholastic record and equipment, with a rating of exceptionally good.

Notre Dame at Belmont is one of California's oldest educational institutions for women, having been founded by the Sisters of Notre Dame de Namur in 1851 in San Jose. It was moved to Belmont in 1923 when the present modern high school building was completed. College courses and lower school classes are conducted in addition to the four year high school division.

Second Scott Trial Set for Jan. 13

Second trial of Mrs. Edith E. Scott, 35, on charges of murdering her husband, William C. Scott, 32, at their North Palo Alto home was set Monday for Jan. 13 by Judge Maxwell McNutt. The first trial lasted six days and ended Dec. 8 with a hung jury in Judge A. R. Cotton's department of superior court.

WOULD YOU BURN DOWN A HOUSE . . .

Because It Needed Painting?

Of course not, yet many people discard good shoes simply because they need repairs . . . inexpensive work that would make them good as new — and more comfortable.

Shoe repair work is skilled labor. Only experts, using quality materials, can give you a job that will last and satisfy. Tomorrow, get quality rubber heels fit to your shoes.
